

Communi- cation System Dräger MS-Com

The Dräger SAVOX MS-Com is a very durable and light communication unit designed for use with Dräger full face masks. It easily mounts to the mask with a simple clip-on-system. Due to the flat, ergonomic design the use together with an integrated firefighting helmet, e.g. Gallet F1, is possible without problem.

The Dräger MS-Com provides instant, clear and reliable "hands-free" communication, increasing personal safety and work efficiency, allowing full concentration on the actual task.

The Dräger MS-Com complies with the standard EN 136 cl. 3 and is easy in handling, mounting and dismantling. The housing of the speaker unit consists of an extremely ruggedized plastic material.

The intrinsically safe MS-Com unit connects to the Dräger-Com-control/PTT-unit which is adaptable to most types of two-way radios.

Technical Data

Weight:	84 g	
Microphone:	Type:	Unidirectional, noise cancelling
	Impedance:	2500 ! @ 1kHz
Speaker:	Impedance:	8 ! q 1 kHz (± 15%)
	Audio output:	102,4 dBA 1 kHz
Cable / Connector:	Coiled cable:	Ø 4 mm/270 mm, PUR, flame retardant
	Straight cable:	Ø 4 mm/900 mm, TPE, flash-over proof
	Connector:	4-pole quick release connector
Environmental:	Intrinsic safety class:	CENELEC/Eex ib IIC T4
	ESD, EMI immunity:	Confirms with the ETS 300 279, 1996
	Respiratory protection:	EN 136, Cl. 3
Accessories (separate):	Mask assembly set for different versions of Panorama Nova an f2

DrägerService

Dräger equipment must always be fully operational and safe. DrägerService offers a regular inspection service and is quickly available in the event of malfunction. Your equipment will be repaired and back in operation as quickly as possible. DrägerService facilitates the vital flow of information between client and manufacturer.

Dräger Expertise

Since 1889, Dräger has had an outstanding reputation for solving problems in the field of human breathing. Dräger has been deeply involved in the handling of gases, in particular hazard protection and the saving of life in medical and industrial emergencies. Many of the company's 9500 employees are active in research and innovation to ensure that the latest techniques and scientific advances are fully tested before their inclusion in new equipment.

Dräger Worldwide

The Dräger sales and service organisation is spread throughout the world. It comprises more than 25 subsidiaries and associated companies to ensure that Dräger is always within easy reach of its clients and in close contact with all important markets. Dräger's ever increasing market share demonstrates the company's international competitiveness and strength.

Dräger has subsidiaries in the following countries: Australia, Austria, Belgium, Bulgaria, Canada, China, Croatia, Czech Republic, Denmark, France, Great Britain, Hungary, Indonesia, Italy, Japan, the Netherlands, Norway, Romania, Singapore, Slovenia, Slovakia, South Africa, Spain, Sweden, Switzerland, Thailand, Yugoslavia, USA. Additionally, Dräger is widely represented in Central and South America, Africa, the Middle East, the Far East and Eastern Europe.

Quality and Environmental Management

Our mission includes the continuous improvement of our Quality and Environmental Management Systems in accordance with ISO 9001 and ISO 14001.
